# Potassium Metaborate 2,5-hydrate Pure Grade $\text{KBO}_2 \cdot 2,5\text{H}_2\text{O}$

**Appearance:** colorless crystals

**Packing:**

20-25 kg paper bags with polyethylene inner

Guaranteed period of storage 2 years

## Quality data:

TU 6-09-2033-77, Pure, %

|                                    |              |
|------------------------------------|--------------|
| The content of the main substance  | $\geq 97,5$  |
| Insolubles in $\text{H}_2\text{O}$ | $\leq 0,02$  |
| Cl                                 | $\leq 0,005$ |
| $\text{SO}_4$                      | $\leq 0,05$  |
| Fe                                 | $\leq 0,001$ |
| Pb                                 | $\leq 0,005$ |

**Application:** for mud production in petrochemical industry
